

Manipulatives in maths across the school to support development of new ideas.

Using our new laptops in Bitterns to support development of computing skills and also our use of phonics.

Brush skills in art

Metaphor writing in Hawks

Weekly composer focus, Debussy this week.

Drumming lessons sounding incredible.

11th January 2019

Dear parents, I write to you at the end of my first full week at Seething and Mundham. I would like to thank you as parents, the children and all of the staff for making me feel so welcome.

The children have settled fantastically into the new term, and I was delighted to see them in class pushing themselves with their learning from minute one. Reviewing attendance over the very tricky December period I was really pleased to see so many children and classes with such high attendance. We are aiming to at least meet the national target of 96% attendance, which we currently exceed (by 23%). As the cough and cold season continues please continue to make every effort to be here ready on time every day.

This month we will be introducing the idea of 'fantastic walking'. At Seething and Mundham we are really proud of our behaviour, and we wish to show that off. One way we will do this is through the idea of fantastic walking. Wherever and whenever we move around the building we will, line up quietly one behind the other, we will walk with our hands by our sides with our backs straight and our head held high. We will move with safety and with confidence.

Over the coming week or so I intend to compile a list of all events (trips, assemblies, parents evenings etc) for the rest of the year. This will come out to you as a list for the next term coming up i.e. in spring you will receive the summer dates, but I will then twice monthly pop on the website, Twitter and send via email a dates notice board detailing events in the coming month as a reminder.

If you as parents have any ideas on how to improve communication or have any further comments, please do let me or your child's class teacher know.

Kind regards

Iain Hunter
